OBJECTIVE

To work in an environment which encourages me to succeed and grow professionally where I can utilize my skills and knowledge appropriately.

EXPERIENCE

M/s UTKAL ELECTRICALS & CONSTRUCTIONS

Substation Operator 03/02/2020 - 01/06/2021

In February 2020, I joined as a **Substation Operator** in **M/s Utkal Electricals & Constructions**, a **Government of Odisha** Undertaking. Where I learned about the work culture and used and promoted my skills and gained a lot of experiences.

EDUCATION

Aum Sai institute of technical education 2017-2021

Diploma in Electrical Engineering
65.33%

KARAPADA HIGH SCHOOL 2014

10th
39.50%

PROJECTS

Wireless Transfer of Solar power

The basic principle involves converting the **AC** power to **DC** power using rectifiers and filters and then again converting it back to AC at high frequency using inverters. This low voltage high-frequency AC power then passes from transformer primary to its secondary and is converted to DC power using a rectifier, filter and regulator arrangement.

DECLARATION

I strongly declare that the statements mentioned above in my resume are true and correct to the best of my knowledge and belief.
