Objective

My objective is to obtain a position in a professional office environment where my skills are valued and can benefit the organization. Ideally, I wish to have a focus in marketing for a growing organization preferably dealing in commercial real estate and/or land acquisitions.

Experience

- Stoneman Crafts India Pvt. Ltd. Amroha** 05/02/2021 - 15/07/2022
Quality Engineer
Quality assurance (QA) is the term used in both manufacturing and service industries to describe the systematic efforts taken to insure that the product(s) delivered to customer(s) meet with the contractual and other agreed upon performance, design, reliability, and maintainability
- Welspun , Anjar Gujrat** 2019 - 2020
Quality Engineer
Quality engineer Quality engineer is responsible for analyzing and qualifying an organization's product to make sure it meets quality and manufacturing standards. The engineer will typically work with other engineering teams to identify potential errors in the process or standard and design improvements that could create a more efficient and effective production line. Read more to learn about the role and responsible of a Quality engineer
- Genpact(Transformer Happen Here)** 2017 - 2019
Quality Engineer
Telecom engineer Telecommunication is a diverse field of engineering connected to electronics and system engineering. Ultimately, telecom engineers are responsible for providing high speed data transmission services. They use a variety of equipment and transport media to design the telecom network infrastructure; the most common media used by wired telecommunications today.

Education

- Bachelor of engineering** 2016
Mechanical engineering
- Intermediate examination board allahabad** 2012
Uttar pardesh
